

Internal Medicine & IV Wellness Program

*"Empowering health by delivering  
critical nutrients exactly where your  
body needs them most."*

— Edgardo Castillo MD

# What is IV Therapy & Cellular Nutrition?

## Intravenous (IV) Therapy

IV Therapy is a clinical method that delivers essential fluids, vitamins, minerals, and key antioxidants directly into the bloodstream, bypassing oral pathways to guarantee deep, immediate hydration.

## Direct Cellular Nutrition

Unlike oral supplements which often lose up to 80% of their potency as they filter through the digestive tract, intravenous delivery offers 100% bioavailability. This allows your cells to instantly absorb formulas at peak strength to repair, fuel, and revitalize the body.

# The IV Therapy Advantage

## 100% Absorption

Nutrients bypass the gut,  
ensuring total bioavailability  
and immediate cellular  
uptake.

## Immune Support

High-dose antioxidants  
fortify your body's natural  
defenses against seasonal  
stressors.

## Rapid Restoration

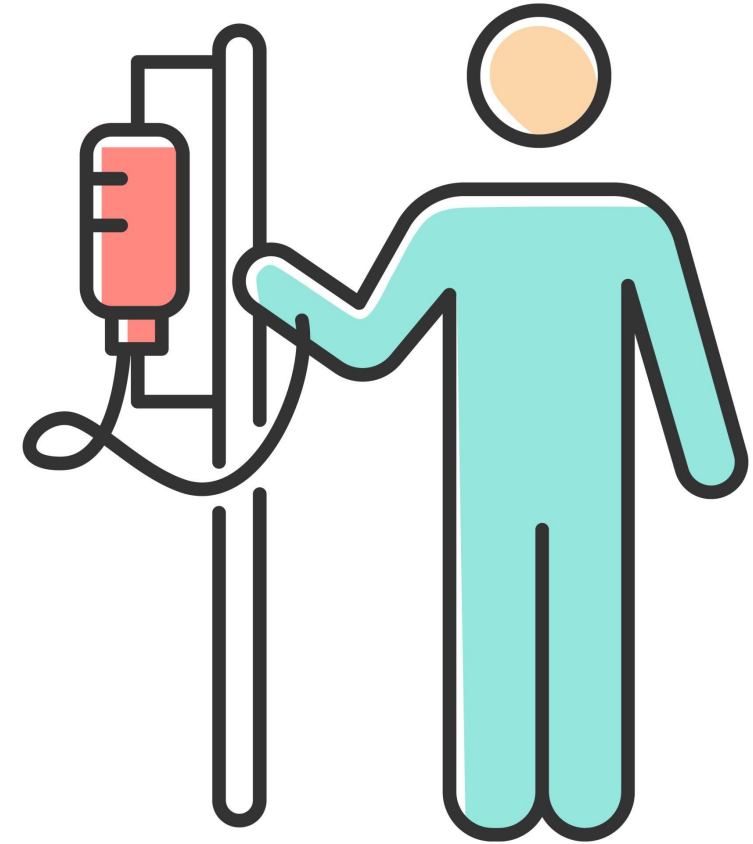

Efficiently correct  
deficiencies and rehydrate  
the body faster than oral  
alternatives.

# A Sanctuary for Healing

## Healing Spaces

At Castillo MD, our infusion lounge is designed for clinical precision and absolute comfort. Relax while we restore your vitality.

- ✓ Luxury Reclining Infusion Chairs
- ✓ Quiet, Ambient Atmosphere
- ✓ Pharmaceutical Grade Sterile Prep

# | Superior Nutrient Delivery

**100%**  
BIOAVAILABLE

## Bypassing the Barriers

Oral supplements lose up to 80% of their potency due to the digestive process. IV therapy delivers high-concentration formulas directly into your system. Every micro-gram prescribed by Dr. Castillo reaches your cells for maximum efficacy.

# | Patient Safety Protocols

## Expert Admin

Licensed clinical staff with advanced certification in infusion therapy.

## Pure Sourcing

We use only the highest-quality, pharmaceutical-grade sterile ingredients.

## Health Checks

Mandatory clinical screening and vitals monitoring for every patient.

# **| Your Wellness Roadmap**

## **Vitals**

Health review and  
assessment.

## **Select**

Choose your curated  
Wellness Kit.

## **Infuse**

30–60 mins of relaxation  
and healing.

## **Thrive**

Immediate vitality and  
energy boost.

# Curated Wellness Kits

| Kit Name               | Ingredient List                                                    | Primary Goal                 |
|------------------------|--------------------------------------------------------------------|------------------------------|
| Brainstorm             | Alpha Lipoic Acid, Taurine, Pyridoxine                             | Cognitive Clarity            |
| NAD+                   | Advanced Coenzyme Formulation                                      | Anti-Aging & Cellular Repair |
| Recovery & Performance | Ascorbic Acid, B-Complex, Aminoblend, Mineral Blend                | Athletic Recovery            |
| Get up and Go          | B-Complex, Amino Blend                                             | Metabolism Boost             |
| Immunity               | Vita Complex, Ascorbic Acid, Zinc                                  | System Defense               |
| Myer's Cocktail        | Multivitamin "Gold Standard"                                       | Overall Wellness             |
