

IV NUTRITION & WELLNESS KIT INFORMATION

Better Your Health, Better Your Life

Brain Storm

WHAT'S INCLUDED

- Alpha Lipoic Acid
- Taurine
- Pyridoxine

OVERVIEW

Formulated to support cognitive health, the Brainstorm IV Kit is designed to enhance brain function, improve memory recall and support learning capacity. Each kit contains ten or more infusions of premium-quality compounds that nourish the brain and help protect against oxidative stress and inflammation.

POSSIBLE BENEFITS

- Supports cognitive function and mental clarity
- Helps improve memory recall and retention
- May aid in learning and information processing
- Protects brain cells from oxidative stress and inflammation

HOW IV THERAPY CAN SUPPORT BRAIN HEALTH

These nutrients work synergistically to reduce inflammation, support neurotransmitter activity and improve the brain's resilience to stress and toxins, helping you think more clearly and retain more information.

Recovery & Performance

WHAT'S INCLUDED

- Glutathione
- Vitamin C
- B Complex
- Mineral Mix
- Amino blend

OVERVIEW

Built to support active lifestyles and faster recovery, the Recovery & Performance IV Kit is formulated to help reduce downtime after physical exertion or injury. Each kit includes ten infusions of premium nutrients that replenish hydration, reduce inflammation and promote optimal athletic performance and cellular repair.

POSSIBLE BENEFITS

- Supports post-workout and injury recovery
- Enhances athletic performance and endurance
- Replenishes vitamins, minerals and amino acids
- Reduces inflammation and oxidative stress

HOW IV THERAPY CAN SUPPORTS RECOVERY AND PERFORMANCE

Physical stress from training, competition or even everyday exertion can deplete the body's supply of fluids, electrolytes, vitamins and amino acids. Recovery is not just about rest; it's about replenishing what your body needs to rebuild, repair and perform at its best.

Get Up & Go

WHAT'S INCLUDED

- Vita Complex
- Amino Blend

OVERVIEW

Formulated to boost energy and support metabolic health, the Get Up & Go IV Kit is designed to help you feel more alert, focused and physically ready for the day ahead. Each kit includes ten infusions of premium-quality compounds believed to support fat metabolism, improve performance and restore key nutrients.

POSSIBLE BENEFITS

- Supports fat-burning and metabolic function
- Restores energy and fights fatigue
- Enhances physical and mental performance
- Delivers essential nutrients to fuel your day

HOW IV THERAPY SUPPORTS ENERGY AND METABOLISM

Physical stress from training, competition or even everyday exertion can deplete the body's supply of fluids, electrolytes, vitamins and amino acids. Recovery is not just about rest; it's about replenishing what your body needs to rebuild, repair and perform at its best.

Immunity

WHAT'S INCLUDED

- Vita Complex
- Ascorbic Acid
- Zinc

OVERVIEW

Designed to help your immune system, reduce the risk of illnesses and make you feel better faster after getting sick, this IV kit includes ten doses of premium-quality compounds that can help improve immunity and promote optimal wellness.

POSSIBLE BENEFITS

- Protects against infection
- Improves healing time
- Builds up your immune system
- Reduces duration of illnesses

HOW IV THERAPY SUPPORTS YOUR IMMUNE SYSTEM

Key ingredients in our Immunity IV Kit, such as ascorbic acid and zinc, are known for their immune-strengthening effects helping to reduce inflammation, fight infections and speed recovery. Regular IV therapy can provide your body with ongoing support to enhance immune defenses and promote overall wellness.

Timeless

WHAT'S INCLUDED

- Acetylcysteine
- Hydroxocobalamin
- Vita Complex
- Magnesium Chloride

OVERVIEW

The Timeless IV Kit, designed to support healthy mitochondrial functioning, is intended for helping decrease the signs of aging while supporting energy production and mitochondrial function. Each kit includes ten or more infusions of premium-quality compounds.

POSSIBLE BENEFITS

- Helps hydrate and replenish the skin
- Supports healthy cell metabolism and regeneration
- Promotes collagen production and enhances cell turnover
- Mitigates and reduces oxidative stress
- Aids in stabilizing DNA structure, promoting genomic integrity, which is a key factor in aging

HOW IV THERAPY SUPPORTS ANTI-AGING

Key ingredients like N-Acetylcysteine, magnesium chloride, and hydroxocobalamin, when naturally occurring in the body, are thought to play a role in reducing inflammation, promoting collagen production, and reducing oxidative stress. Regular IV therapy may help improve overall skin and cell health, providing ongoing nourishment to combat signs of aging.

Inner Beauty

WHAT'S INCLUDED

- Ascorbic Acid
- Biotin
- Vita Complex

OVERVIEW

Designed to help bring out radiance and natural glow, this kit includes ten treatments of premium-quality compounds believed to fortify hair, skin and nails, reduce wrinkles and quench skin from the inside out.

POSSIBLE BENEFITS

- Fortifies hair, skin and nails
- Reduces wrinkles
- Quenches tired skin

HOW IV THERAPY SUPPORTS ANTI-AGING

Key ingredients like ascorbic acid, biotin, and vita complex, when naturally occurring in the body, are thought to play a role in promoting collagen production, building strong keratin, and reducing oxidative stress. Regular Inner Beauty IV therapy may help reduce the appearance of wrinkles, deeply quench tired skin, and fortify hair, skin, and nails, providing ongoing nourishment to combat signs of aging.

Snow Bright

WHAT'S INCLUDED

- Ascorbic Acid
- Glutathione
- Alpha Lipoic Acid

OVERVIEW

Designed to brighten and rejuvenate the skin, this bundle may help promote a more youthful appearance while supporting overall skin health. Each kit includes ten or more infusions of premium-quality compounds that can enhance skin tone, texture and elasticity.

POSSIBLE BENEFITS

- Helps repair damaged skin and supports collagen production
- Fights inflammation and increases skin elasticity
- Protects cells from free-radical damage and decreases oxidative stress for a brighter complexion
- Reduces signs of aging
- Helps fade dark spots and melasma

HOW IV THERAPY SUPPORTS HEALTHIER SKIN

Key ingredients like ascorbic acid, glutathione, and alpha lipoic acid, when naturally occurring in the body, are thought to play a role in neutralizing cellular toxins, brightening the complexion, and reducing oxidative stress. Regular Snow Bright Bundle IV therapy may help even out skin tone, deeply detoxify the cells, and restore a luminous, youthful glow, providing ongoing nourishment to combat signs of aging.

INTRA MUSCULAR

INTRA MUSCULAR OPTIONS

- Vitamin D
- Glutathione
- Biotin
- Micc
- L-carnitine
- B12
- Ketorolac
- Triamcinolone
- Ondansetron

OVERVIEW

Intramuscular (IM) therapy delivers concentrated nutrients directly into the muscle tissue, providing a highly efficient alternative path for rapid absorption and prolonged release. When utilized as a standalone treatment or as a premium add-on to an IV infusion, these quick injections allow for targeted wellness optimization. Highly effective options like Vitamin D, glutathione, biotin, MICC, and L-carnitine, when naturally occurring in the body, are thought to play a role in regulating immune defenses, supporting cellular detoxification, stimulating keratin production, and accelerating lipolysis (breaking down fat) for metabolic efficiency. Incorporating regular intramuscular boosters into your wellness routine can help sustain elevated energy levels, enhance metabolic performance, and provide ongoing structural support to amplify your total-body vitality.
